

Town Hall Meeting

Wednesday, August 2nd, 5:30 PM
El Zaribah Shrine Center

552 N. 40th Street, Phoenix, AZ

***"It's your turn to have your
voice heard"***

Cenpatico Behavioral Health is interested in hearing and listening to your concerns about the behavioral health system in Maricopa County.

Cenpatico Behavioral Health wants to learn from you what works well, where ***we can all help the system improve***, and what you would recommend to help improve the services for the children, adults and families in Maricopa County.

Cenpatico Behavioral Health will be hosting a true Town Hall event where the community has the opportunity to tell us what would work from their perspective.

Please join us for refreshments and light snacks. Your voice is very important to us.
